Hearing Loop Installed: PCUMC has installed a Hearing Loop in our sanctuary to assist those with hearing loss to hear more clearly during services. A Hearing Loop is an assistive listening system that transmits sound directly into one's hearing aids or cochlear implants rather than depending on sound coming from the loudspeakers. To receive the Loop signal, manually activate your T-coil or telephone setting on your hearing aid or cochlear implant. If you don't know if you have a T-coil or whether yours is properly programmed, consult with your audiologist or hearing aid professional. If you don't wear hearing aids, ask to use a Loop receiver to receive the sound. This can be obtained at the sound booth in the back of the sanctuary or from an usher. If you have further questions about Looping, please contact the installation company, Complete Hearing Solutions, at www.CompleteHearingSolutions.org or call 727-260-3488.

Today's 8am and 11am altar flowers are presented by Al Tillman in memory of son, Chris Tillman. Special flowers are presented by Tammy and Jim Eugenius in celebration of their 36th wedding anniversary.

Today's 8:00 AM worship service, broadcast on WVIJ-FM (91.7), is sponsored by Roberson Funeral Home and Crematory, 2151 Tamiami Trail, PC, Phone: 629-3141.
